

QuickBooks® Business Accounting Software 2007 & 2009 for Mac® Account Conversion Instructions

As your financial institution its system conversion, you will need to modify your QuickBooks settings to ensure the smooth transition of your data. You will need to be able to log in to the Web sites of your financial institution. **This update may be time sensitive.**

It is important that you perform the following instructions exactly as described and in the order presented. If you do not, your online banking service may stop functioning properly. This conversion should take about 15 minutes.

Note: In the following screen shots, red icon numbers match step number instructions. All bank and register information is fictitious and for illustration only.

Within this guide, this symbol displays to indicate any optional instructions.

A.

BACK UP YOUR CURRENT DATA

1. Choose **File** menu → **Back Up**. Then choose whether to save the backup to a disk or to your Mac.
2. Follow the on-screen instructions to complete the backup method you choose.

B.

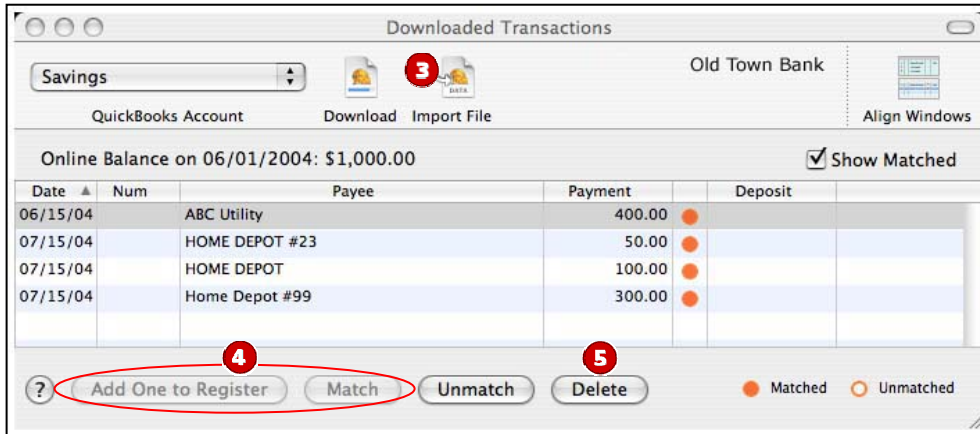

GET YOUR LATEST TRANSACTIONS

Download to
QuickBooks

1. Download your transactions one last time to bring your account register up to date. Log in to the Web site and download and save your Web Connect file (.QBO file extension) to your Mac.

Important: Specify your transaction download date range through today. You may not be able to download these transactions after today.

2. In QuickBooks, choose **Banking** menu → **Downloaded Transactions**.

3. In the **Downloaded Transactions** dialog, click **Import File** to import the account information contained in the Web Connect file that you saved. Select the Web Connect file, and click **Open**.
4. Add or match all downloaded transactions listed in the **Downloaded Transactions** dialog. You will not be able to proceed until all transactions are matched.
5. Once all downloaded transactions are matched and display a solid orange circle, click **Delete** to remove each item.

Repeat steps **1** through **5** for each account (such as checking, savings, and credit cards) that you plan to use for online banking.

- ⚠ For assistance reconciling your account register, choose **Help** menu → **QuickBooks Help**. In the Ask a Question prompt, enter **Reconciling an account**.

C.

DISABLE YOUR ACCOUNTS

1. Choose **Lists** menu → **Chart of Accounts**.
2. Select the account to disable in the Chart of Accounts list, and choose **Edit** menu → **Edit Accounts**.

The 'Edit Account' dialog box shows the following fields and buttons:

- Type: Bank
- Name: Savings (highlighted with a red circle and the number 3)
- Description: (empty)
- Bank No.: (empty)
- Subaccount of: (empty)
- Inactive:
- Online Settings: (highlighted with a red circle and the number 4)
- Cancel: (button)

Click the **Online Settings** button of the account in the Edit Account dialog.

The 'Online Account Information' dialog box contains the following information:

- Statement Download
- To enable statement download for this account: Go to your financial institution's website. Look for an option to download your transactions into QuickBooks. You may need to sign up for this service with your financial institution. Once you've downloaded your transactions to your desktop, use the Import button on the Downloaded Transactions window to import the transactions. A quick review and you can bring your QuickBooks register up-to-date.
- To disable statement download for this account: It is not necessary to disable statement download for this account when downloading transactions using Web Connect. However, if you'd like to download transactions previously associated with this account to another account, choose Not Enabled from the Download Transactions menu.
- Financial Institution: Old Town Bank
- Account Number: 9435640577
- Account Type: (highlighted with a red circle and the number 5)
- Download transactions: via Web Connect
- Cancel: (button)
- Save: (button, highlighted with a red circle and the number 6)

5. Select **Not enabled** from the **Download transactions** drop-down list.
6. Click **Save**.

Repeat steps **2** through **6** for each account from which you download transactions.

D.

RE-ENABLE YOUR ACCOUNTS

IMPORTANT: Do not complete section **D** until after the conversion.

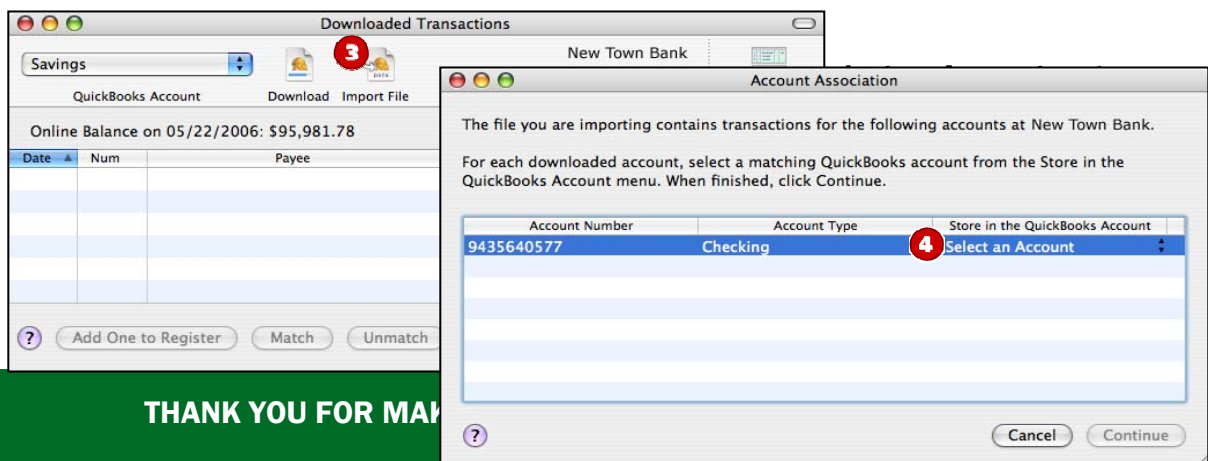

Download to
QuickBooks

1. Re-enabling your account is as easy as downloading from the Web site. Anytime after the conversion, log in to the Web site and download and save your Web Connect file (.QBO file extension) to your Mac.

Important: To avoid the possibility of creating duplicate records when downloading into QuickBooks, select a “from” date that does not include records previously downloaded.

2. In QuickBooks, choose **Banking** menu → **Downloaded Transactions**.
Click **OK** if any informational prompts display.

3. In the Downloaded Transactions dialog, click **Import File** to import the account information contained in the Web Connect file that you saved. Select the Web Connect file, and click **Open**.
